

OUR MARKETS

INDUSTRIAL

Robust ventilation systems for industrial environments are built to perform reliably in harsh conditions. Solutions are tailored to meet specific facility requirements.

MARINE

Safe, controlled environments are maintained in offshore applications. Solutions address humidity, explosion protection, and exhaust control.

POWER GENERATION

High heat loads and airflow demands are managed in compressor stations. Solutions support safe, stable operating conditions.

GAS PIPELINE

Heat, dust, and airflow are controlled to support safe, reliable operation. Designs are proven in demanding power environments.

FOOD PROCESSING

Contaminants are controlled to meet strict sanitation standards in food processing environments. Solutions address noise, moisture, and frost buildup to support compliance and safety.

CRITICAL ENVIRONMENT

Contaminants are minimized in controlled environments for manufacturing, research, and pharmaceutical applications. Systems support clean conditions required for critical processes.

Our Capabilities

- ▶ On-Site Ventilation Survey
- ▶ Heat Load Evaluation
- ▶ Acoustic Evaluation
- ▶ Fluid Flow System Analysis
- ▶ System Design
- ▶ Equipment Specification
- ▶ Project Support & Management
- ▶ Equipment Purchasing & Supply
- ▶ Installation and Start-Up
- ▶ Field Service

About Eldridge

Since 1946, L.C. Eldridge Sales Co., Inc. has provided industrial ventilation and noise control solutions for installations worldwide. Backed by decades of experience, Eldridge supports a wide range of industries with high quality equipment and a focus on solving complex airflow and acoustic challenges.

Our Clients Include

Industrial

- Pepsico
- Smurfit Westrock
- Chevron
- LyondellBasell

Marine

- Valaris
- Halliburton
- Seatrium
- Transocean

Power Generation

- GE
- Pro Energy
- Wartsila
- Aurelia

Gas Pipeline

- Williams
- Kinder Morgan
- Enterprise Products
- Enbridge

Food Processing

- Blue Bell
- Tyson
- Lone Star Dairy
- Frito Lay

Critical Environment

- Wells Pharma
- Alcon Labs
- Sandia National Laboratories
- Waste Control Specialists

Backed by Solid Experience

Regulatory Agency Certificates Available

- DNV-GL Marine Duty Non-Sparking Fan TAP000000T
- ABS Marine Duty CO2 / Halon Containment Fire Damper
 - 18-HS1732131-PDA
- DNV-GL Marine Duty CO2 / Halon Containment Fire Damper
 - DNV-700-99-0247
- Lloyd's Register Marine Duty Fire Damper
 - BS476-A0, A60, H120
- USCG Marine Duty Fire Damper 164.139/0/0

Patented Solutions

- ENJET - Engine Exhaust Jet Nozzle
 - US #7,707,828 + 4 int'l patents + 3 pending
- Storm Guard Hoods
 - US #7,708,625
- Pit Boss Coalescer
 - US #7,905,947
- Watertight Bulkhead Engine Exhaust Fitting
 - US #7,7832,722
- Engine Exhaust Bypass System
 - US #8,070,542
- Wave Plate Blower for Motor Cooling
 - US #8,470,064, 8,801,823
